Looking to grow your Perimeter Pest Control Business? Consider Fendona CS insecticide, a perimeter pest control product designed specifically for PMPs.

Fendona's advanced micro-encapsulation protects the active ingredient, alpha-cypermethrin, from environmental degradation, resulting in enhanced residual control.

Other product benefits include:

- **Fast-acting and long-lasting:** Fendona CS insecticide's new formulation and unique encapsulation technology kills insects fast and is highly effective for months against labeled pests.
- **Sustainable and efficient:** The product decreases labor costs with the option to extend application intervals for both mosquitoes and perimeter pests, helping reduce callbacks and enhance profitability.
- **Flexible and effective:** Fendona CS insecticide is labeled for more than 60 arthropod pests and with a broad range of surface and use sites, including lawn and ornamental pests.

Learn more about Fendona CS and find additional mosquito resources at [this link](#).

Instant Savings on Long-Lasting Pest Control

With controlled release technology, Onslaught® Microencapsulated & Onslaught® FastCap Insecticides deliver long-lasting residual control for a broad spectrum of pests, including bed bugs, cockroaches, biting flies, fleas, mosquitoes, spiders and scorpions*.

The unique formula of Onslaught FastCap also kills fast.

With flexible formulations, both Onslaught Insecticides can be used indoors and outdoors, as well as in food and non-food areas of commercial structures.
