TECHTIP

**Looking to grow your Perimeter Pest Control Business?
Consider Fendona CS insecticide, a perimeter pest
control product designed specifically for PMPs.**

Fendona's advanced micro-encapsulation protects the active ingredient, alpha-cypermethrin, from environmental degradation, resulting in enhanced residual control.

Other product benefits include:

- **Fast-acting and long-lasting:** Fendona CS insecticide's new formulation and unique encapsulation technology kills insects fast and is highly effective for months against labeled pests.
- **Sustainable and efficient:** The product decreases labor costs with the option to extend application intervals for both mosquitoes and perimeter pests, helping reduce callbacks and enhance profitability.
- **Flexible and effective:** Fendona CS insecticide is labeled for more than 60 arthropod pests and with a broad range of surface and use sites, including lawn and ornamental pests.

Learn more about Fendona CS and find additional mosquito resources at [this link](#).

TERMS AND CONDITIONS:

- Mix and match purchases of any qualifying products listed during program period to receive a rebate.
- Purchases can be cumulative throughout the program period.
- This is an end-user promotion. Distributors, dealers, retailers, and other resellers are not eligible. Only purchases from authorized United States distributors qualify.
- All copies of invoices must be submitted to Neogen® no later than December 16, 2024.
- Neogen will send rebates at the conclusion of the program. Please allow 4–6 weeks for delivery.
- To qualify, the participating end-user must earn a minimum rebate of \$100.
- Promotion not valid with other Neogen offers or rebates.

Please see these products' entire labels and follow all use directions and use precautions. Use only for the sites, pests, and application methods described on the product labels. It is a violation of Federal law to use these products in a manner inconsistent with their labeling.
